NDR Flexible Type Film Holders: Outer cover made of tough vinyl impregnated fiber stock but flexible enough to contour around shapes. Come in two color (specify when ordering) **blue or black**. Inner film envelope made of black shoe material for light tight protection. Film envelope will hold film as well as lead screens. Available with or without lead back-ing and with or without Velcro® closures. **(Note: lead backing is not used as intensifying screens, it is meant to prevent back scatter only.)**
